Attorney Docket No. 011578A

Application No. 10/811,832

Art Unit: 3683

REMARKS

Claims 1-4 are pending in the application and are rejected.

Double Patenting

Claims 1-4 are rejected under the judicially created doctrine of obviousness-type double

patenting as being unpatentable over claim 3 of co-owned U.S. Patent No. 6,732,599. The

Examiner asserts that although the conflicting claims are not identical, they are not patentably

distinct from each other because they are directed towards substantially the same subject matter.

Applicants submit herewith a terminal disclaimer that disclaims any portion of any patent

resulting from the present application that would extend beyond the term of U.S. Patent No.

6,732,599.

Applicants believe that the submission of the Terminal Disclaimer overcomes the

rejections of record.

In view of the aforementioned amendments and accompanying remarks, Applicants

submit that that the claims, as herein amended, are in condition for allowance. Applicants

request such action at an early date.
